Census

Have you returned your census form? It is important. The information collected in the National Household Survey will provide data needed to plan and support family services, housing, roads and public transportation, and skills training for employment.

Your information will help paint a detailed and comprehensive picture of Canadian society. In addition to the 2011 Census, one in three households will be asked to participate in the new National Household Survey (NHS). If you receive the NHS, support your community and complete the survey. The NHS will provide a portrait of communities in 2011. It will provide a reference for decision makers not only at a federal and provincial level, but in your community too.

The NHS will collect the same information that was collected by the 2006 Census long-form questionnaire. For information to be available for future planning and decision making, it is important that all residents who receive the NHS complete the questionnaire. For more information about the NHS, visit www.nhs.statcan.gc.ca.

Pound Notes

Please remember that all dogs must be on lead at all times!

No matter how obedient the dog may be, it is for its own safety.

Also, if you see animals in our community wandering, defecating without owners picking up behind it, or if there is an altercation or complaint, please call me! Even if you aren't sure whose dog it is, if you give me the area it is in, I am usually able to identify the animal. I can't help if I don't know about it!!

Call me 250-230-4777

The harbour front is not a play place for your dogs; they must be on lead at all times & be cleaned up after!

There are plenty of areas about town where there are free bags for cleaning up after your pet. Please remember you can be charged a \$50 fine... to avoid one, clean up after your pet!

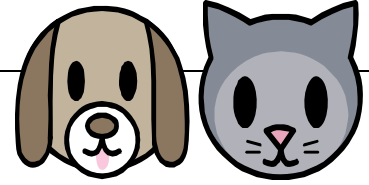

Thank you for your attention.

As warm weather approaches, here are a few tips for your pets' safety:

If it's hot, your pet may be in trouble!

During warm weather pet guardians must take precautions against the dangers of heat exhaustion and heatstroke for their pets. The temperature in a parked car, even in the shade with the windows partly open, can rapidly reach a level that will seriously harm or even kill your pet.

Dogs (and cats) cool themselves by panting and by releasing heat through their paws.

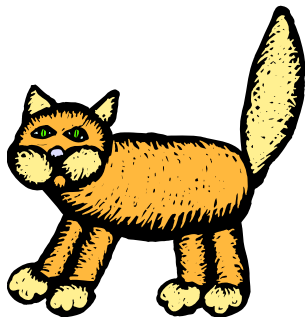

On summer days the air and upholstery in your vehicle can heat up to high temperatures that make it impossible for pets to cool themselves.

Your dog will be more comfortable if left at home.

Make sure there is plenty of water & access to shade for your pet at all times

Neil who?
Neil down and pet this cat!

We are a registered not-for-profit society with a separate bank account, required annual government paperwork, regular meetings, and an annual general meeting. Thank you to Jeff Jones for his assistance with our legal responsibilities.

All of our money goes toward spaying and neutering local cats. We depend solely on donations from the community

and are passionate about keeping the cat population in Port McNeill healthy.

If you need some help paying for the cost of spaying or neutering your cat, call us at 250-230-3254

Thanks to Port McNeill residents for their donations during the last bottle drive. You can also drop your bottles off at Island Foods and credit it to the Guide Scout Hall account. Funds from bottle drives and donations are used to maintain the Guide/Scout Hall.

ShakeOut BC has a New Date

The ShakeOut organizing committee has announced a new date for the second ShakeOut BC Earthquake drill.:

October 20, 2011 at 10:20 am

BC and Yukon will now join California, Idaho, Nevada and Guam in conducting a mass earthquake drill at the same time on the same day. Washington, Oregon and potentially New Zealand have all expressed interest in joining the mass drill campaign in 2012.

With the drill only four months away, we have our work cut out for us!

The ShakeOut BC website is being updated to reflect the new date and incorporate many of the lessons learned from our first drill. Commencing July 1st please check the website at "www.shakeoutbc.ca" for information updates, resources and to register for the upcoming October drill.

Help us support public awareness and education of the earthquake threat in BC.

Young Naturalist Club of Northern Vancouver Island

For \$25/family, you enjoy:

- Access to the monthly "Explorer Days" – a family nature event.
- A welcome pack containing a participation passport, a bird and insect ID card, a bird checklist, an official membership card and a magnifying glass.
- A wonderful natural history magazine 4 times a year called "Nature Wild".
- Earning recognition for environmental action and awareness.

Great thanks to Andrew Jones of Kingfisher Wilderness Adventures for hosting our June outdoor adventure.

Explorer Days:

July 9th – Geology Expedition with Lorne Hamilton

No Explorer Day in August

September – details to be finalized for "Fun with Fungi"

Do you have expertise and enthusiasm you are willing to share with Northern Vancouver Island's youth? We would greatly appreciate your hosting an Explorer Day.
