call 956-4521
Listen to the message for
numbers to call.

Taxes and H.O.G.s

Property Tax notices have
been mailed. If you have not
received yours, please call the
town office to enquire.
Residents are reminded that
eligibility for the Home Owner
Grant is dependant on a signed
application each year.
The application is included on
the back side of your property
tax notice.
Deadline is July 4th.

Construction Update

Thank-you for your patience
as we continue with the
water main replacement
construction.
We appreciate the respect
you have shown to traffic
control personnel and all
posted signage.
Town of McNeill
Public Works
Department.

Boulevards

As the weather warms and the plants get growing, we appreciate all the residents who keep their small area of boulevard tidy as required in Bylaw 571.1, 2006. Not only does it improve the look of your own yards, but it frees up the summer workers to work on other jobs in the municipality.
Together we can make our Town look great for residents, visitors and tourists. Thank-you!!

Fishermen and Seafood Harvesters:

Fishing and seafood harvesting season is upon us. After you have taken your catch home and processed it, please take the fish heads, entrails, crab and prawn shells back to the ocean for disposal. It helps feed other sea life as well as being an ecologically friendly way to dispose of the remains.
Your assistance in keeping bear attractions out of the dumpsters is appreciated.

Composting

To avoid attracting bears and other wildlife or pests to your compost please consider the following:
No meat No bones No protein No bread No dairy products
Cover vegetable matter regularly with grass clippings, dried leaves and other vegetation waste.

Bear or Wildlife Sightings

To report and wildlife-human interactions where public safety may be at risk, call the Conservation Officer Service at 1-877-952-RAPP (7277). Please see details about bear smart landscaping inside.

VANCOUVER ISLAND REGIONAL LIBRARY
www.virl.bc.ca

Legion Activities in Port McNeill

Legion Week is celebrated every year across Canada. This year the Royal Canadian Legion has designated Legion Week on June 18 to 24.

New members are welcome to join throughout the year. Anyone interested in becoming a Legion member can begin by contacting their local Legion Branch in their community and getting in touch with the Legion's

membership chairman. Membership criteria will be explained before you decide to make your application.

In Port McNeill the contact is Legion Membership Chairman Norm Nalleweg and he can be reached at 250 956-3157, or you can leave a message at the Legion at 250 956-4551. Norm's email address is handyguy9@hotmail.com.

At Work in Your Community

The Royal Canadian Legion (1926) is Canada's largest non-governmental service organization open to membership for all Canadians, sharing in the commitment of "Remembrance" and a strong, united Canada. BC/Yukon Command, to which Port McNeill belongs, has a membership of 63,000, serving from 153 Branches with over 90 Ladies Auxiliaries.

Through annual fundraising and the Poppy Campaign in excess of \$7.9 Million is contributed to communities, supporting programs and improve the quality of life for all citizens.

Cat's Meow Society

August 2007. A group of people who care about animals gathered to take action on the cat overpopulation issue in our town. Three and a half years later, through hard work, education, and determination, there has been a dramatic reduction in the number of unplanned kittens being born

here. We're not done yet. It wouldn't take much to put the cat population right back to where it was. All it takes is one unfixed male and one unfixed female cat. These cats will continue to breed, and so will their kittens as they mature to six months of age. It is the cat owner's responsibility to get their pet fixed before it turns six month

old. Pet ownership isn't cheap, but nothing worthwhile is easy. The NI Veterinary Clinic and Hospital has been pivotal in helping us address the cat overpopulation issue. Do what you can and help a friend or neighbor get their pet fixed. There is an easy and permanent solution to the pet overpopulation issue that seems to be rampant

everywhere. All for a one-time fee. Fix your cat. Help is available towards the cost of spaying or neutering your cat, call us at 250-230-3254. Vet: PM 956-3555 PH 949-6732 We are volunteers working to help keep a healthy cat population. We gratefully accept donations. Box 397.

Operation Trackshoes 2011

North Island Community Services' COMMUNITY LINKS PROGRAM for adults with disabilities is attending OPERATION TRACKSHOES at University of Victoria from June 10th to 12th.

This is an event that offers competitive track & field, swimming, softball, basketball, plus family picnic type games, concerts, banquet and dance. Counselors, coaches, escorts

and athletes all participate in the leisure & social activities together.

This year 18 adults plus support staff from the North Island will be participating. This will be our 9th year attending this event.

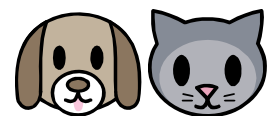

We will be fundraising and canvassing for donations to enable our athletes to continue to attend this event.

All funds raised go toward registration, accommodation, travel & meal costs for the participants.

Donations and support are greatly appreciated—charitable tax deduction receipts for funds payable to North Island Community Services will be issued.

Pound Notes

Please remember to clean up after your pet. There are many places around town to pick up your FREE bags!! Thanks to all of you that already do, it really helps keep our sidewalks, streets & shoes clean!

Bear Smart Landscaping	Common Name	Botanical Name	Comments/ Growing Conditions
<p>An often overlooked aspect of managing bear attractants is what plants to choose for landscaping and creating a visually pleasing yard. Responsible Bear Smart homeowners will keep their garbage in bear-proof enclosures, pet food indoors, clean up ripe & fallen fruit as it appears and replace bird feeders with bird baths; but taking the attractant management one step further will help to reduce bear-human conflicts even more. The list of examples included here are considered to be low risk for attracting bears and are found naturally occurring in this region.</p> <p>Plants that are considered a high attractant risk and should be brushed back or removed from residential areas include horsetail, skunk cabbage, clover, salal, salmonberry, blueberry, huckleberry and elderberry. Local greenhouses and nurseries will be able to assist you with your landscaping needs but be sure to bring a list with you of the recommended plants including the Latin name so that you are sure you are getting the right bush, tree, perennial etc. The staff will be able to help you plan your backyard according to light, soil type and moisture for a beautiful bear-friendly space.</p>	<u>Evergreen Trees</u>		
	Western Red Cedar	Thuja plicata	Moist to wet sites
	Western Hemlock	Tsuga heterophylla	Dry to wet sites
	Western Yew	Taxus brevifolia	Moist to wet sites
	Sitka Spruce	Picea Sitchensis	Dry to moist sites; likes full sun
	<u>Deciduous Trees</u>		
	Broadleaf Maple	Acer macrophyllum	Dry to moist sites
	Vine Maple	Acer circnatum	Moist sites; shade tolerant
	<u>Shrubs Lacking Berries and Ferns</u>		
	Mock Orange	Philadelphus lewisii	Moist Rocky Sites; small white flowers
	Shrubby Cinquefoil	Potentilla fruticosa	Moist rocky sites; bright yellow blooms
	Oceansparay	Holodiscus discolor	Sun to semi-shade; cream flowers
	Pacific Rhododendron	Phodendron macrophyllum	Moist to dry sites; large flower display
	Maidenhair Fern	Adiantum pedatum	Close to streams; graceful & delicate
	Lady Fern	Athyrium filix-femina	Moist to wet; bright green fronds
	Deer Fern	Blechnum spicant	Moist to wet; dark green; drought tolerant
	Spiny Wood Fern	Dryopteris expansa	Semi-evergreen; moist soil
	<u>Perennials</u>		
Foxglove	Digitalis purpurea	Purple, pink/white	
Western Trillium	Trillium ovatum	Moist shaded open areas	
Phlox	Phlox spp.	Showy pink,/ lavender/ white flowers	
Common Yarrow	Achillia millefolium	Aromatic herb; daisy-like flowers	
Twinflower	Linnaea borealis	Tiny evergreen leaves with pink flowers
